Almost every day is craft day at Ana's house. And now craft day is coming to the Studio! Ana loves to do crafts with her children and is constantly coming up with new ideas for them. We will have crafts for adults as well as kids workshop days, where your children can come and make fun things.

As always, we have a play area. So for the adult workshops, you can bring your children and we will have assistants on hand to watch them.

We will be adding to the schedule as the year moves on. For now, we have posted the following classes. So don't delay, sign up today!

All workshop reservations will require payment upon signup. There are no refunds.

If you can't make it, we can credit you for a future class.

Scraping on the Wall - Creative Frames

- Wed March 15th, 1:30-3:30PM
- Mon March 20th, 10-12PM

Come and get your hands dirty! You will be given 3 blank wood frames that we will transform into works of art. We will be painting them, adhering scrap to them, applying words and more. You'll have to see it to believe it.

We will be creating simple classic frames that will work with any decor. You can pick the color of the frame and choose your own design and we will just guide you along the way. You are provided everything you need to create three different types of frames - (2

photo frames and 1 mirrored frame). Choose various sizes, or make them all the same size.
